**Creekside IL Operating Company LLC d/b/a Creekside Village**  
**Creekside Residence IL Operating Company LLC d/b/a Creekside Residences**  
**Creekside Residence AL Operating Company LLC d/b/a The Residences at Creekside**  
**1183 Luther Drive LLC and 19800 Tranquility Circle LLC**

I have audited the accompanying consolidated financial statements of **Creekside Center for Rehabilitation and Nursing, Creekside Manor, Creekside Village, Creekside Residences, The Residences at Creekside, 1183 Luther Drive LLC and 19800 Tranquility Circle LLC**, which comprise the consolidated balance sheet as of December 31, 2024 and the related consolidated statements of operations and members' capital (deficit) and cash flows for the year then ended, and the related notes to the consolidated financial statements.

**Management's Responsibility for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

**Auditor's Responsibility**

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

**Opinion**

In my opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of **Creekside Center for Rehabilitation and Nursing, Creekside Manor, Creekside Village, Creekside Residences, The Residences at Creekside, 1183 Luther Drive LLC and 19800 Tranquility Circle LLC** as of December 31, 2024, and the consolidated results of its operations, changes in net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

**Report on Supplementary Information**

My audit was conducted for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole. The information contained in the supplementary schedules is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic consolidated financial statements taken as a whole.

**1. Summary of Significant Accounting Policies:**

**Organization**

Creekside SNF Operating Company LLC d/b/a Creekside Center for Rehabilitation and Nursing, Creekside AL Operating Company LLC d/b/a Creekside Manor, Creekside IL Operating Company LLC d/b/a Creekside Village, Creekside Residence IL Operating Company LLC d/b/a Creekside Residences and Creekside Residence AL Operating Company LLC d/b/a The Residences at Creekside (collectively, the "Operating Company") and 1183 Luther Drive LLC and 19800 Tranquility Circle LLC (collectively, the "Landlord") were formed in Delaware in 2022 with perpetual lives. The Landlord is considered to be a variable interest entity. Certain members of the Landlord are also members of the Operating Company.

On October 1, 2022, the Operating Company was transferred the license to operate a healthcare center with two campuses: "Ravenwood", which consists of an 80-bed skilled nursing facility, 40 assisted living units and 46 independent living cottages, and "Robinwood", which consists of 70 assisted living suites including a secure 12 bed unit dedicated to the needs of residents with memory-related illnesses and 23 independent living cottages. Both campuses are located in Hagerstown, Maryland within two miles of one another, and they are registered and operated as a single community. The facility leases its premises from the Landlord, a related entity. The Operating Company and the Landlord are collectively referred to as the Company in these financial statements. The Company began operations on June 30, 2022.

**Going Concern**

FASB issued ASU No. 2014-15, Presentation of Financial Statements – Going Concern, which requires management to assess an entity's ability to continue as a going concern by incorporating and expanding upon certain principles that are currently in U.S. auditing standards. ASU 2014-15 requires an evaluation every reporting period and certain disclosures when substantial doubt is alleviated or not alleviated. Substantial doubt about an entity's ability to continue as a going concern is defined as when conditions and events, considered in the aggregate, indicate that it is probable that the entity will be unable to meet its obligations as they become due within one year after the date that its financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable). Based on management's assessment, there is no indication that there is substantial doubt about the Company's ability to continue as a going concern as of December 31, 2024.

**Basis of Presentation**

The accompanying financial statements and related notes have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). Under the accrual basis, revenue is recognized when earned and expenses when the related liability for goods and services is incurred, regardless of the timing of the related cash flows.

**Principles of Consolidation**

The consolidated financial statements include the financial statements of Operating Company and the Landlord. The Operating Company is the primary beneficiary of the Landlord, which qualifies as a variable interest entity (VIE). The determination was based on the fact that the Operating Company absorbs a majority of the VIE's expected losses and receives a majority of its expected residual returns. Except for amounts contractually required under the lease agreement between the Operating Company and the Landlord, the Operating Company did not provide any further financial or other support to the Landlord. The Operating Company could be required to provide additional financial support to assist the Landlord in meeting its financial obligations if contractually required amounts were insufficient. Financing of the Landlord is accomplished through a mortgage loan as described in Note 5 to the consolidated financial statements. The Operating Company's involvement with the Landlord is limited to leasing the real estate and guaranteeing the mortgage note payable.

The assets, liabilities, revenues and expenses of the Operating Company and the Landlord have been included in the accompanying consolidated financial statements. All intercompany activity has been eliminated in consolidation.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS  
DECEMBER 31, 2024**

**1. Summary of Significant Accounting Policies (cont.):**

**Use of Estimates**

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, including estimated uncollectible accounts receivable for services to residents, and liabilities, including estimated net settlements with third-party reimbursement agencies and professional liabilities, and disclosure of contingent assets and contingent liabilities at the date of the financial statements. Estimates also affect the amounts of revenues and expenses reported during the period. There is at least a reasonable possibility that certain estimates could change by material amounts in the near term. Actual results could differ from those estimates.

**Resident Funds**

Resident funds are accounted for as trust funds and are maintained separate from the Company's operating funds. The Company maintains a liability on its consolidated balance sheet equal to the amount of resident funds.

**Cash**

The Company maintains its cash in bank deposit accounts that, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts or instruments. The Company believes it is not exposed to any significant credit risk on cash and cash equivalents.

**Resident Accounts Receivable and Allowance for Doubtful Accounts**

Resident accounts receivable result from the various health care services provided by the Company. Resident accounts receivable are reduced by an allowance for doubtful accounts. In evaluating the collectability of resident accounts receivable, the Company analyzes its past history and identifies trends for each of its major payor sources of revenue to estimate the appropriate allowance for doubtful accounts. For receivables associated with services provided to residents with third-party coverage, the Company analyzes contractually due amounts and provides an allowance, if necessary. For receivables associated with self-pay residents, including residents with insurance and a deductible or copayment, the Company records a provision for bad debts in the period of service on the basis of past experience of residents unable or unwilling to pay the service fee they are financially responsible. The difference between the standard rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged against the allowance for doubtful accounts.

**Property and Equipment**

Property and equipment are stated at cost. Depreciation of property and equipment is provided using the straight-line method over periods prescribed by the Internal Revenue Code, which approximate the estimated useful lives of the assets.

**Impairment of Long-Lived Assets**

If there is an event or a change in circumstances adversely impacting the recoverability of long-lived assets, the Company's policy is to assess any impairment in value by making a comparison of the current and projected operating cash flows of the asset over its remaining useful life, on an undiscounted basis, to the carrying amount of the asset. Such carrying amounts would be adjusted, if necessary, to reflect an impairment in the value of the assets. If the operation is determined to be unable to recover the carrying amount of its assets, the long-lived assets are written down to fair value. Fair value is determined based on discounted cash flows or appraised values, depending on the nature of the assets. There were no impairment losses in 2024.

**1. Summary of Significant Accounting Policies (cont.):**

**Net Resident Service Revenue**

Net resident service revenue is reported at estimated net realizable amounts from residents, most of whom are insured by third-party payors, and others for services rendered. The Company records resident service revenue on an accrual basis based on the Company's expected realizable rates in the period the related services are rendered.

The Company receives reimbursement under the federal Medicare and state Medicaid programs. Revenue from these programs is subject to audit by Medicare and Medicaid and to retroactive adjustment. Differences between the estimated amounts accrued and interim and final settlements are reported in the consolidated statement of operations in the year of settlement.

Future changes in the Medicare and Medicaid programs and any reduction of funding could have an adverse impact on the Company. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Additionally, noncompliance with such laws and regulations could result in fines, penalties and exclusion from such programs. The Company believes that it is in compliance with all applicable laws and regulations.

The Company evaluates the resident's ability to pay at the time services are rendered. Therefore, the Company presents the provision for bad debt as an operating expense rather than as a reduction of net resident service revenue.

**Advertising**

The Organization's policy is to expense advertising costs as incurred. Advertising costs were \$2,518 for the year ended December 31, 2024.

**Income Taxes**

The Operating Company and the Landlord have elected to have their income taxed under the provisions of the Internal Revenue Code as limited liability companies, which provides that, in lieu of corporate Federal income taxes, the members are personally taxed on their proportionate share of the Company's taxable income. Accordingly, no provision for Federal or state income taxes is reflected in the accompanying financial statements.

Management has concluded that the Operating Company and the Landlord are pass-through entities for income tax purposes and there are no uncertain tax positions that would require recognition in the financial statements. If the Company were to incur an income tax liability in the future, interest on any income tax liability would be reported as interest expense and penalties on any income tax would be reported as income tax expense.

Management's conclusions regarding uncertain tax positions may be subject to review and adjustment at a later date based upon ongoing analysis of tax laws, regulations and interpretations thereof as well as other factors.

Management has evaluated all significant tax positions as required by accounting principles generally accepted in the United States of America and believes the Company has not taken any material tax positions that would require the recording of any tax liability by the Company.

**Subsequent Events**

The Company evaluates the impact of subsequent events that occur after the balance sheet date but before the financial statements are issued, for potential recognition in the financial statements as of the balance sheet date or for disclosure in the notes to the financial statements. The Company evaluated events occurring subsequent to December 31, 2024 through March 21, 2025, the date on which the accompanying financial statements were available to be issued. During this period there were no subsequent events that required disclosure or recognition in the financial statements.

All references made to the period or year ended December 31, 2024, are for the period of January 1, 2024 to December 31, 2024.

**2. Resident Accounts Receivable, Net:**

The Company grants credit without collateral to its residents, most of whom are insured under third-party payor agreements. Management has provided an allowance for potential credit losses based on expected collections.

The mix of receivables from patients and third-party payers as of December 31, 2024 was as follows:

Interest shall accrue based upon a year consisting of 360 days and charged for the actual number of days elapsed.

The Company was released from the credit line agreement effective December 1, 2023.

**5. Mortgage Loan:**

On June 30, 2022, the Company entered into a mortgage agreement with Popular Bank on its property for \$21,690,798. The proceeds were used to purchase the premises of the skilled nursing facility. The note was secured by a first mortgage on the property, a first lien security interest in all general intangibles, a security interest in all escrow balances, and personal guarantees of certain of the members, the related management company, and all subsidiaries. The loan matures June 30, 2027, and the terms require that certain covenants be met. Monthly payments of interest only were required for the first 6 months of the loan term. Thereafter, principal and interest based on a twenty-five (25) year amortization schedule and an annual interest rate of SOFR plus 3.4% are required, with the balance due at maturity.

The following summarizes all payers and their percentage of revenue for the year ended December 31, 2024:

Room and Board Revenue, Net of Contractual Allowances

|                    |                            |                     |

| Private and Other  | 2,819,656                  | 21.3%               |
|                    | <hr/> <u>12,914,331</u>    | <hr/> <u>97.3%</u>  |
| Ancillary Revenue  | 353,365                    | 2.7%                |
|                    | <hr/> <u>\$ 13,267,696</u> | <hr/> <u>100.0%</u> |

Revenue from the Medicare and Medicaid programs account for a significant portion of the Company's net resident service revenue. Laws and regulations governing those programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

**7. Related Party Transactions:**

**Due to/from Related Parties**

Due from related parties and due to related parties represent monies payable to, or receivable from, parties in which members of the Company have an interest. There are no set repayment terms or interest on the amounts.

**Operating Leases**

The Operating Company leases the nursing home facility from the Landlord under a thirty-year lease agreement expiring in November 15, 2049. The lease requires an annual rent amount plus additional rent equal to the lessee's net income for the fiscal period, or year, plus all mortgage amounts, real estate taxes and operating expenses.

Rent expense relating to operating leases was \$2,358,799 for the year ended December 31, 2024 and is eliminated in consolidation from the statement of operations and members' equity.

Minimum annual rentals for leases in effect at December 31, 2024, cannot be determined due to the inconsistent nature of the lease agreement.

**8. Maryland Department of Aging Reserve Requirements:**

The Maryland Department of Aging requires continuing care retirement providers to maintain certain operating reserves that equal 25% of the facility's net operating expenses, as defined by the State, relating to continuing care contracts. The reserves must be kept in reasonably liquid form in the judgment of the provider. The reserves are computed as of the end of the fiscal year. The Company's required reserves under Senate Bill 543 for the years ended December 31, 2024, based upon operating expenses of the prior year, are as follows:

Reserve Required per Senate Bill 543:

|  |                           |
|--|---------------------------|
| Operating Expenses                                   | \$ 11,153,023             |

Management is responsible for the accompanying consolidated financial forecast of Creekside Center for Rehabilitation and Nursing, Creekside Manor, Creekside Village, Creekside Residences and The Residences at Creekside, which comprises the consolidated forecasted balance sheets as of December 31, 2025 through December 31, 2034 and the related forecasted statements of operations and owners' equity and cash flows for the years then ending, and the related summaries of significant assumptions and accounting policies in accordance with guidelines for the presentation of a consolidated financial forecast established by the American Institute of Certified Public Accountants (AICPA). I have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. I did not examine or review the consolidated financial forecast nor was I required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, I do not express an opinion, a conclusion, nor provide any other form of assurance on this consolidated financial forecast.

The consolidated forecasted results may not be achieved as there will usually be differences between the forecasted and actual results, because events and circumstances frequently do not occur as expected, and these differences may be material. I have no responsibility to update this report for events and circumstances occurring after the date of this report.

Management has elected to omit substantially all the disclosures required by guidelines for the presentation of a consolidated financial forecast established by the AICPA other than those related to the significant assumptions. If the omitted disclosures were included in the consolidated financial forecast, they might influence the user's conclusions about the consolidated forecasted financial position, results of operations and cash flows of Creekside Center for Rehabilitation and Nursing, Creekside Manor, Creekside Village, Creekside Residences and The Residences at Creekside. Accordingly, the consolidated financial forecast is not designed for those who are not informed about such matters.

Creekside Center for Rehabilitation and Nursing, , Creekside Manor, Creekside Village, Creekside Residences and The Residences at Creekside (collectively "the Center") operates a healthcare center with two campuses: "Ravenwood", which consists of an 80-bed skilled nursing facility, 40 assisted living units and 46 independent living cottages, and "Robinwood", which consists of 70 assisted living suites including a secure 12 bed unit dedicated to the needs of residents with memory-related illnesses and 23 independent living cottages. Both campuses are located in Hagerstown, Maryland within two miles of one another, and they are registered and operated as a single community.

*Use of Estimates* — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Income Taxes* — The Center operates as a limited liability company (LLC) and elects to be taxed as a partnership for income tax purposes and allocates all taxable income and losses to its owners.

*Cash Equivalents* — Cash equivalents include cash deposits and interest-bearing time deposits with original maturities of three months or less.

*Accounts Receivable* — Accounts receivable are reported at net realizable value. Accounts are charged to bad debt expense when deemed uncollectible based upon a periodic review by management. The allowance for doubtful accounts is estimated based upon periodic reviews of individual accounts.

*Property and Equipment* — Property and equipment are recorded at cost. Depreciation is computed using the straight-line method over the assets' estimated useful lives.

*Net Resident Service Revenues* —Net resident service revenue is reported at estimated net realizable amounts from residents, third-party payors and others, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are estimated and accrued in periods in which related services are performed, and as final settlements are made, these estimated accruals are adjusted accordingly. Consequently, the estimates are subject to material near-term changes.

The principal payment arrangements with third-party payors are as follows:

**MEDICARE:** Nursing and ancillary services provided to Medicare Part A beneficiaries are paid at prospective-determined, per-diem rates. These rates vary accordingly to a patient classification system that is based on clinical, diagnostic, and other factors, and the reimbursement methodology is subject to various limitations and adjustments. Medicare Part B Therapy Services are reimbursed at the lesser of a published-fee schedule or actual charges.

**MEDICAL ASSISTANCE:** Nursing services provided to Medical Assistance Program beneficiaries are paid at prospectively-determined, per-diem rates. These rates vary accordingly to a patient-classification system that is based upon clinical, diagnostic and other factors, and the reimbursement methodology is subject to various limitations and adjustments.

Both Medicare Part A and Medical Assistance rates are based on clinical, diagnostic and other factors. Determinations of these rates are partially based on the Center's clinical assessments of its residents. The Centers is required to clinically assess its residents at pre-determined periods throughout the year. The documented assessments are subject to review and adjustment by the Medicare and Medical Assistance Programs.

The Center has also entered into payment agreements with certain commercial insurance carriers, and certain health-maintenance and preferred-provider organizations. Bases for payments to the Center under these agreements include prospectively-determined, per-diem rates or discounts from established charges.

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND FORECASTED ASSUMPTIONS**  
**DECEMBER 31, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033 AND 2034**

**2. Forecast Assumptions:**

The Center will apply for and receive a certificate of authority from the Maryland Department of Aging to operate as a Continuing Care Provider. The Center will comply with all the rules and regulations concerning continuing care providers including offering a continuing care option to residents. The option will include the furnishing of care at the Center together with medical services pursuant to an agreement effective for a period in excess of one year and in consideration of the payment of an entrance fee with other periodic charges.

Independent living residents will be charged a range of Entrance Fees based on the type of Independent Living Residence leased and the choice of one of three different Entrance Fee Plans:

- (1) A Classic Plan involves the payment of the lowest entrance fee starting at \$75,000 with the amount of the eligible refund declining each month over the first 49 months of occupancy until the Resident is entitled to 0% refund.
- (2) A Classic Plan Plus involves the payment of an entrance fee starting at \$112,500 with the amount of the eligible refund declining each month over the first 46 months of occupancy until the Resident is entitled to the remaining 50% of the entrance fee paid.
- (3) An Estate Preservation Plan involves the payment of an entrance fee starting at \$127,500 with the amount of the eligible refund declining each month over the first 15 months of occupancy until the Resident is entitled to the remaining 70% of the entrance fee paid.

Monthly Fees range from \$805 per month to \$1,235 depending on the kind of Independent Living Residence.

We assume that the Center will receive ten entrance fee deposits of \$75,000 in each year, from 2025 through 2034 and will refund two entrance fee deposits of \$75,000 in each year from 2025 through 2034.

**Revenues and Expenses — Revenues and expenses are forecasted to increase by approximately two percent annually during the years ending December 31, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033 and 2034.**
